Consent form for participants in research project

Please complete this form after you have read the Information Sheet [insert pdf link] about the research. If you have any further questions, please contact us at teds-project@kcl.ac.uk. Please retain a copy of the information sheet as a record of what you are consenting to if you take part in the study. Thank you for considering taking part in this research.

TEDS Codebreaker Study	Version 1: 10/10/2022	
Ethical review reference number: PNM/09/10-104		Tick
1. I confirm that I have read and understood the information sheet dated [Version 2 11/10/22] for the above project. I have had the opportunity to consider the information and asked questions which have been answered to my satisfaction.		
2. I consent voluntarily to be a participant in this project and understand that I am free to withdraw. I can also opt out of the current study or permanently withdraw from TEDS at any time, without having to give a reason and without my legal rights being affected.		
3. I understand that if I decide to withdraw from this phase of TEDS data collection, it may not be possible for TEDS to delete data that I have provided in previous studies.		
4. I consent to the processing of my personal information for the purposes explained to me in the Information Sheet. I understand that such information will be handled under the terms of UK data protection law, including the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.		
5. I understand that my information may be subject to review by responsible individuals from the College for monitoring and audit purposes.		
6. I consent to my data being used for academic research. I understand that confidentiality and anonymity will be maintained, and it will not be possible to identify me in any research outputs		
7. I understand that my data may be shared with other researchers in a non-identifiable form for research purposes.		

[In the version of this consent form presented online, after twin login and authentication, the twin was required to tick all 7 boxes then click on a “next” button. It was not possible to proceed to the activities unless all 7 boxes had been ticked.]
