August 2022

Dear <twin forename>,

We have recently launched **TEDS26 - Mental Health Study** and we are writing to invite you to take part in this important new TEDS study which focuses on mental health and wellbeing. As the number of people suffering from mental health issues continues to rise, we hope that your data will contribute to a better understanding of the causes of these conditions. You will find more detailed information about the study when you log in to take part.

The study consists of an online questionnaire. You can access this by scanning the QR code below. Alternatively, you will find a direct link to the questionnaire on our website: www.teds.ac.uk/. You can also type this link into your browser: https://qualtrics.kcl.ac.uk/jfe/form/SV_etwEU82eo278LhY

Your login code is <login code>

It will take about 35-45 minutes to complete but may take longer for people who have experience of multiple conditions.

To thank you for taking the time to help us with this important research we will send you a **£10 Love2Shop voucher code**.

If you would prefer to complete a paper version of the questionnaire just let us know using the contact details above.

Your participation in TEDS research is very much appreciated – thank you!

Best Wishes,

TEDS Team
